The table contains 3 columns, id, username, password. I'm trying to add a new row, of the username and password that I entered into a textbox, to the table above, in code. I know I need to login and then do the table update, but I'm having trouble with the login part. This is the Login function I've created: Function Login(ByVal usern As String, ByVal pswd As String) As Integer Try Dim Conn As MySqlConnection Conn = ConnectDB("adminDB", "root", "Brumat" & usern) Dim cmd As New MySqlCommand("SELECT id, username, password FROM Admin WHERE username = @un AND password = @pw", Conn) cmd.Parameters.AddWithValue("@un", usern) cmd.Parameters.AddWithValue("@pw", pswd) Dim dr As MySqlDataReader = cmd.ExecuteReader() If dr.HasRows = True Then dr.Close() Return 1 Else 'Return -2 End If Catch ex As Exception Return -3 End Try End Function What code do I
